Sheryl

The pleasure was mine. It is so good to know that the USDA has smart and dedicated folks as well. However, based on the good work your group does, I should have realized this immediately.

Thanks for the link. I will pass it on.

Cheers!

Dr. Dourson,

I was pleased to meet you and look forward to working with you in the future. Attached are USDA comments on chlorpyrifos that we submitted during the last public comment period in January 2017.

Please let me know if you have questions.
